---

Philip,
Please see the attached SMW Submission that FERC has received previously. Pages 14 and 15 for AV docs and page 14 of IT docs, you will see the budget estimates that you have requested to be in excel. This is what we will receive, and will be updated based from comments, and conversations in the meetings. I will however ask, if there will be a material pricing, as the estimates were broken down per room. The documents decribed what will be in the rooms, but is not further broken down in the estimate.

Other items you have in your email are not going to be here since those items are outside of their scope.

Thanks,

Danny C. Mapili

Morning Chris,

This should not be an issue but I have conveyed your request to SMW and waiting to hear back from them.

Subject: SMW Budgets

Tom,

When SMW issues updated budgets, can you have them include excel versions. This will assist GSA and FERC in dropping into their budget forms and allow easy adjustments if quantities or unit costs change.

Thanks

Chris
